

| Live in the present:             |  |
|----------------------------------|--|
|                                  |  |
|                                  |  |
|                                  |  |
|                                  |  |
| Leave it behind:                 |  |
|                                  |  |
|                                  |  |
|                                  |  |
| God is faithful with the future: |  |
|                                  |  |
|                                  |  |
|                                  |  |
